

Securely Send Money

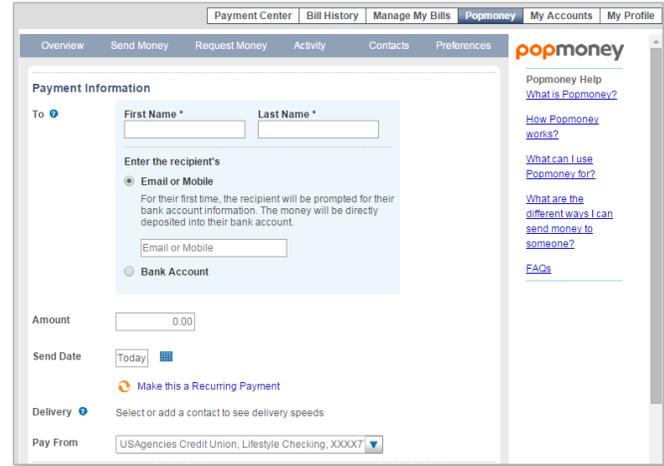

WITH AN EMAIL OR PHONE NUMBER

That's right! Using PopMoney is as simple as knowing someone's email address or phone number, allowing you to securely send and receive money. Perfect for paying the babysitter, the plumber, or for helping to pick up the tab at lunch with friends.

NOTE: You will need to be registered for Online Banking to use PopMoney. See the "GET STARTED GUIDE: Online Banking" for details on registering for Online Banking in just a few steps.

Here's how to get started using PopMoney:

1. Visit USACU.org and log into Online Banking using your username and password.
2. Once logged in, click "Move Money" in the menu at the top, then select "PopMoney".
3. Click "Get Started".
4. Follow the instructions to confirm your information. Review Popmoney User Agreement, and click "Confirm" to continue.
5. Next, follow the prompts for who you want to send money to, how much, and by what date. You can even include a message that will be sent with the email notice of the payment. For instance, if the money is for the babysitter, you could enter "Babysitting, 1/1/2018 - thank you for watching James on New Years Eve for us!"
6. The system will walk you through all the details of how much the transaction costs to send. There are also FAQs and other helpful tips throughout the PopMoney screens.

PopMoney Dashboard.

FAQ

IS THERE A MAXIMUM NUMBER OF CONTACTS I CAN ADD?

A maximum of 50 active contacts and 100 total contacts are allowed.

HOW MUCH CAN I TRANSFER?

PopMoney transactions must be at least \$10.00; maximum amounts depend on delivery method (standard vs express) and can differ per member. You can see the limits with "View Limits" link next to the amount field.

WHEN WILL THE RECIPIENT GET THE MONEY?

With standard delivery, the earliest that the recipient can get the funds is three (3) business days after the send date. With next day delivery, the recipient can get the funds by the next business day.
